

Thomas Crane Public Library
Food and Drink Policy

Snacks are permitted in most areas of the library, unless posted signs indicate otherwise. Food and beverages should not be disruptive (i.e. messy, noisy, odorous, etc.) to others or damage library property. If so, staff will use their discretion in relocating patrons or asking them to put their food away.

Food and beverage may not be consumed at the computers, with the exception of lidded beverages.

Occasionally, the Library sponsors events which include food service. The location and food guidelines specific to each sponsored event are carefully selected and approved by Library Administration.

Please help keep the Library clean by disposing of your trash when finished. If you see a spill, please notify a staff member as soon as possible.

Approved by Thomas Crane Public Library Board of Trustees March 24, 2023
